

STORMWATER MANAGEMENT PROGRAM

←.....
**HAVE YOU SEEN THIS OUTSIDE
IN YOUR NEIGHBORHOOD?**

“What are they doing?”

As part of the new Stormwater Management Program, a goal of the Borough is to **televise** the entire system to understand its current state. Thus far the crew has televised approximately 17,000 feet and observed some disturbing things:

- ⇒ **Rusted bottoms of metal corrugated pipes**
- ⇒ **Tile used as pipe material**
- ⇒ **5 gallon bucket wedged**

The crew will continue televising the system while generating a list of high priority areas for project planning.

POOL DISCHARGES— Closing your pool soon???

Discharging your pool to the roadway, which ultimately flow into the Borough stormwater system is a violation of the Clean Streams Law and Borough of Hanover Stormwater Management Ordinance. Please call or visit the link below for more information. <http://www.hanoverboroughpa.gov/Stormwater-Management.html>

Do not discharge to any impervious surface.

Discharge to vegetation on property.

WE ALL LIVE IN THE SAME WATERSHED SO WHY NOT DO YOUR PART TO HELP PRESERVE IT?

- ⇒ Clean up after your pet.
- ⇒ Do not use harsh fertilizers.
- ⇒ Do not throw cigarette butts out the window.
- ⇒ Keep your lawn height 2-3 inches.
- ⇒ Do not litter.

HELP PROMOTE 'ONE WATER'
